SKILLS

- HTML
- CSS
- CSS libraries
- JAVASCRIPT
- J QUERY
- REACT
- VERSION CONTROL

PROJECTS

AIR BNB MULTI-PAGE WEBSITE

www.homelanderbnb.netlify.app

Home Lander is a multi-page website that lets property owners rent out their spaces to travelers looking for a place to stay.

BEAUTY WEBSITE

www.dippsbeautifyers.netlify.app

Dipps beautifyers is a Nigerian based beauty website, designed with the aim of reaching out to current and future clients and making booking of appointments easier and more accessible.

TO DO LIST

www.dengitodolist.netlify.app

Built a simple to-do list application using HTML, CSS, and JavaScript.

COUNTER APP

www.count-el.netlify.app

For this JavaScript project, I created a simple counter application. The user is able to increment the counter by clicking on the corresponding buttons on the page. The counter value is displayed in real-time, and the user is also able to save the count by clicking the save button.

EDUCATION

- Self-taught through online resources and personal projects
- Completed various online tutorials and projects to improve my front-end development skills.
- Participated in online coding challenges and hackathons to enhance my problem-solving abilities.
- Built personal projects including a responsive landing page and a simple to-do list application.
